Part Exchange Or Stamp Duty Paid

One of two offers (not both) will be available for an asking price offer subject to terms and conditions.

Part exchange will be considered on this plot for an asking price offer.
If you are considering part exchange, your property must lie within a 20 mile radius of Chesterfield and be valued by Wilkins Vardy at no more than 70% of the value of this new build.
The developer reserves the right to refuse a part exchange offer if your property is not deemed suitable or an agreement cannot be reached on its value.
Part exchange means the developer will take your property as part payment for the new build, meaning you will not have to pay estate agency fees or rely on a chain of buyers to complete at the same time as your purchase.

If you are not using part exchange, then the developer is willing to pay the standard rate stamp duty on an asking price offer, equivalent to £16,750. Again conditions apply and the developer refuses the right to offer this incentive in all instances.
