20 Discounted Market Value - What Does It Mean?

It has long been planning policy for larger housing developments to include an element of affordable housing. This usually results in a proportion of the new builds being sold to a Local Housing Association, who will then re-sell the properties on a shared equity basis or rent out. Whilst this type of situation has been common place on most larger developments in our region, Stancliffe Homes are trying to do things differently.

That's why they have agreed with North East Derbyshire District Council to sell a proportion of Kingswood Park at a 20% discount off market value with no need for a Housing Associations involvement. Whilst qualifying criteria will need to be satisfied, the property will be owned entirely by the purchaser with no stake owned by a third party. The 20% discount will remain on any future transactions throughout the property's life, meaning that other people will benefit from this superb incentive for generations to come.
