20% Discounted Market Value - What Does It Mean?
It has long been planning policy for larger housing developments to include an element of affordable housing. This usually results in a proportion of the new builds being sold to a Local Housing Association, who will then re-sell the properties on a shared equity basis or rent out. Whilst this type of situation has been common place on most larger developments in our region, Hawthorne Meadows are trying to do things differently.

That's why they have agreed with Bolsover District Council to sell a select number of homes at a 20% discount off market value with no need for a Housing Associations involvement. Whilst qualifying criteria will need to be satisfied, the property will be owned entirely by the purchaser with no stake owned by a third party. The 20% discount will remain on any future transactions throughout the property's life, meaning that other people will benefit from this superb incentive for generations to come.

Qualifying Criteria
To benefit from this incentive, you must satisfy certain qualifying criteria, including:

- * You must have lived or worked in the Bolsover District for at least 36 months, OR Have a parent or child who has lived in the Bolsover District for at least 36 months.
- * Have a household income below £60,000,
- * Be able to obtain a mortgage for at least 50% of the discounted price,
- * You must live in the property as your main residence.

If you think you qualify, ask for further details and we will confirm your eligibility before you commence with the legals.
