Set in an exceptional plot with breathtaking views over the Bristol Channel, this detached two-bedroom bungalow offers a rare opportunity to purchase a property in this location. Built in 1937, the property sits amid beautiful gardens and surrounding countryside, approached via a gated driveway that leads to a brick-built double garage.

The bungalow is in need of full refurbishment and presents a superb development opportunity, subject to obtaining any necessary planning permissions.

We understand that the construction is made from asbestos, meaning the property is currently un-mortgageable and suitable for cash buyers only. The property is sold as seen and will not be sold subject to a planning application.

Currently serviced by electric heating and a cesspit, we believe that there is no gas connected.

This is a rare chance to acquire a property with immense potential in a stunning location with panoramic sea views.

Please note - We are aware that there are covenants associated with the property but understand that consent will be given to alter the existing building or build a new single dwelling, subject to planning permission. Further to this, we understand consent will not be granted to build more than one private dwelling. Please contact us for more information.

Detached two-bedroom bungalow with panoramic Bristol Channel views, set in beautiful gardens, in need of full renovation and cash purchase only.
