What might appear to be a regular semi-detached house is far from it. This wonderfully light and spacious four bedroomed semi-detached house extends to almost 1,400 square feet and is therefore much larger than many detached properties offering similar accommodation. The accommodation is arranged over three floors having lovely 16'8" living room along with a stunning breakfast kitchen across the rear of the house and benefitting from garden views, at first floor there are three double bedrooms with contemporary family bathroom and at second floor level the master suite offers lovely light and spacious accommodation with landing study area and en-suite shower room. The garden is extremely well proportioned and large at the rear but also benefits from significant off street car parking and a detached brick and tile garage. This really is an amazing house but its spaciousness and quality can only be appreciated by viewing.
