Red House is an attractive property that fits seamlessly into the historic Walkington street scene. It has been intelligently updated to provide a comfortable living environment while retaining several original and characterful features. The house sits on a surprisingly large, private plot, offering more space than is initially apparent from the front elevation. Recent improvements have focused on creating functional, bright spaces that are ready for a new owner to move straight into.

The ground floor layout is centered around a practical open plan kitchen and day room, which serves as a secondary living space with its own log burner. Large windows and patio doors ensure the primary reception rooms feel connected to the outdoor patio area. The transition between the traditional lounge and the more modern kitchen area makes the home well-suited for both quiet evenings and casual entertaining.

Upstairs, the four double bedrooms are accessed from a central landing and share a beautiful modernised family bathroom. The standout feature of the property is undoubtedly the tiered rear garden. Facing South for maximum sunlight, the outdoor space is divided into distinct areas for dining and gardening, offering a high degree of privacy rarely found in such a central village position.

LOCATION

Red House is situated on West End in the centre of this much sought after East Yorkshire Wolds village very close to Beverley (2 miles). Situated on the South side of West End and next to Walkington's Methodist Church, the property is in an attractive position surrounded by buildings of equal architectural merit.
