A block sett driveway adjoining the property next door extends from the front of the property and down the side to the single garage. There is also a patio directly beyond the property.

SERVICES

All mains services are available or connected to the property.

AGENTS NOTES

Prospective purchaser should note that the property does not appear to have been registered with Land Registry when purchased back in 1982. Therefore purchasers would need to proceed with Possessory Title and after the required period can then proceed to apply for Title Absolute.

The loft was converted prior to the client's purchase in 1982 and there appears to be no paperwork to support any planning being obtained. Therefore this area is being marketed as loft space only and not as a Bedroom.

CENTRAL HEATING

The property benefits from a gas fired central heating system.

DOUBLE GLAZING

The property benefits from uPVC double glazing.

TENURE

We believe the tenure of the property to be Freehold (this will be confirmed by the vendor's solicitor).

COUNCIL TAX

The Council Tax Band for this property is Band D.
