For sale by Modern Method of Auction; Starting Bid Price £1,100,000 plus Reservation Fee.

This property is for sale by the Modern Method of Auction. Should you view, offer or bid on the property, your information will be shared with the Auctioneer, Iamsold Limited.

This method of auction requires both parties to complete the transaction within 56 days of the draft contract for sale being received by the buyer's solicitor. This additional time allows buyers to proceed with mortgage finance. The buyer is required to sign a reservation agreement and make payment of a non-refundable Reservation Fee. This being 4.2% of the purchase price including VAT, subject to a minimum of £6,000.00 including VAT. The Reservation Fee is paid in addition to the purchase price and will be considered as part of the chargeable consideration for the property in the calculation for stamp duty liability. Buyers will be required to go through an identification verification process with Iamsold and provide proof of how the purchase would be funded.

This property has a Buyer Information Pack which is a collection of documents in relation to the property. The documents may not tell you everything you need to know about the property, so you are required to complete your own due diligence before bidding. A sample copy of the Reservation Agreement and terms and conditions are also contained within this pack. The buyer will also make payment of £300 including VAT towards the preparation cost of the pack, where it has been provided by Iamsold.

The property is subject to an undisclosed Reserve Price with both the Reserve Price and Starting Bid being subject to change.

LOCATION

West Ella is definitely one of the most desirable places to live in East Yorkshire. The picture postcard village of West Ella lies centrally between Kirk Ella and Swanland on the Eastern edge of the Yorkshire Wolds. Located within only 6 miles of the West of the city of Kingston upon Hull with great nearby motorway commutable access. The village lies on West Ella Road and was beautified by the owners of the Sykes family in the 19th Century and as a consequence much of the area is now a Conservation Area with many Listed Buildings. The village is characterised by its white pebble dash cottages and is well placed for the surrounding area's shops, schools and amenities including many conveniently placed supermarkets.
