Best of both worlds

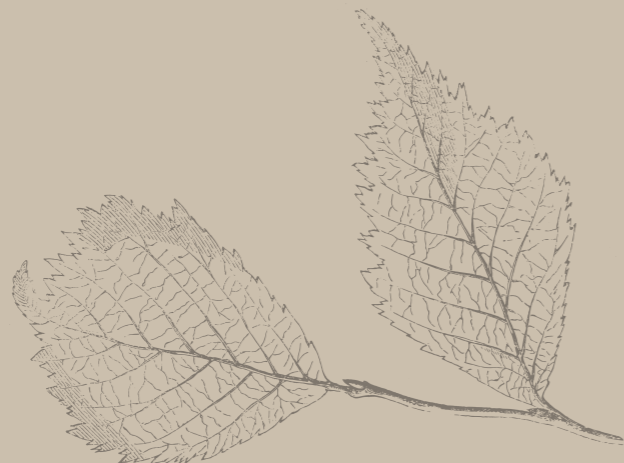

Steeped in history, Waltham Abbey is named and renowned for its former abbey, a scheduled ancient monument and the town's parish church.

A place of worship since the 7th century, it is believed to be King Harold's final resting place after his death at the Battle of Hastings in 1066.

For nature lovers, The River Lea Country Park provides a picturesque walking and cycling area and the path continues the entire length of the River. Also on the doorstep is Epping Forest, 2,400 hectares of woodland, grassland and trails.

Waltham Abbey is also well connected to the modern world being 16 miles from Charing Cross and the centre of London.

The M25 motorway runs to the south of the town with Junction 26 just 6 mins away.
