Summary

This amazing home was newly constructed for the current owners to a simply stunning design.

Using the latest technology such as ICF construction, which is renowned for its exceptional thermal insulation, as well as programmable lighting, an air source heat pump, a solar system on the roof and mechanical ventilation and heat recovery (MVHR). It is in the heart of Canford Cliffs and just a short walk to Canford Cliffs Village and of course Canford Cliffs Chine beyond. The plot it occupies is spectacular - level and approximately 0.4 acres, the majority of which is laid with high quality synthetic lawn. The house offers a huge amount of accommodation - over 6,100 square feet in total - and a stand out feature is the completely open plan kitchen family area which spans the entire width of the house. The sumptuous kitchen features all the latest mod cons including spectacular Dekton stone tops and a centre island with breakfast bar. There is an additional sitting room, a large home office, utility and a downstairs guest bedroom with en suite facilities. Upstairs there are four further bedrooms, each with their own en suite bathroom. The primary bedroom is especially impressive with a walk through dressing room and a private sun balcony. On the top floor there is a huge recreation room, currently fitted as a cinema as well as a store room and an additional bathroom. At the front of the house there is a secure driveway with lots of guest and casual parking. The garage is over 7 metres long and there is wiring for three car charging points. The spectacular garden has a huge lawn and a pavilion with a kitchenette and an en suite shower room.
