### The Property

An historic grade II listed house set in 2.2 acres of garden & paddock in a tranquil village location. The Old School House dates in part from around 1630, and over the centuries has seen various incarnations including a school room, shop, parsonage and at some point in history it was several cottages, later becoming a single dwelling. This is a glorious house with beautifully preserved original features which offers spacious and adaptable accommodation, ideal as a single family home and sufficiently versatile if you require separate accommodation for a family member. There is also potential to create a self-contained holiday cottage or rental property with access independent of the main house. The house has been well maintained during its current ownership and is presented to a high standard throughout. Chebsey is a lovely village set amidst rolling Staffordshire Countryside with dog walking opportunities aplenty and whilst seemingly off the beaten track, is in reality a little over 2 miles from the pretty market town of Eccleshall and easily accessible to both Stafford and Stone.

There is a further drive on the right hand side of the house as viewed from the road.
