The bathroom also has built-in shelving and a window to the side aspect with patterned glass for privacy.

Outside

To the front, the driveway is laid to concrete and provides private parking. The gardens wrap around the cottage, and are a mix of mature trees and well established planting, creating a number of areas to explore, and options for seating or outside dining. Fruit trees combine with shrubs and pathways to create an enchanting garden which is exceptionally private. To the rear of the kitchen, a raised terrace is a fabulous space, and a door leads to a former coal store which is now home to the modern Vaillant combi boiler and has power and lighting.
