Location

Set in Cheshire's plains, on the fringe of the Peak District National Park, Macclesfield combines the old with the new. Originally a medieval town, Macclesfield became the country's 'Silk' capital in the 1750's, whilst in recent years it has grown to become a thriving business centre. Nowadays Macclesfield is a modern shopping centre with a range of leisure facilities to suit most tastes. There are many independent and state primary schools and secondary schools and easy access to the town. The access points of the North West Motorway network system, Manchester International Airport and some of Cheshire's finest countryside are close at hand. Intercity rail links to London Euston and Manchester Piccadilly can be found at Macclesfield and Wilmslow railway stations as well as commuter rail links to the local business centres.
