SELLER'S SECRET

When purchasing this home (named Far End) we knew we wanted to do the very best we could with developing it and are very proud of the finished result. We took into account the stunning garden and knew the bi folding doors were a must at the rear with the huge patio to bring the outside in, we took care of the windows to the front by using high quality heritage sash windows to retain the original style of its age (we believe to be around 1932), the extension the side does have double footings in case someone would want to look to build over (subject to planning) and it would be possible to fit a wood/multi fuel burner in the lounge for a reasonable cost (we have a quote of £3000).

We really hope the purchasers love it as we intended.

Why we like it....

What can we say other than incredible! This has to be one of the most outstanding homes we have had the pleasure in selling. Every corner of this property is stunning, the quality and finish is exceptional throughout, the lucky buyer will, we are sure be very proud to live here. Call us urgently to view.
