A unique detached Victorian villa situated in this sought after North Kingston road offering a significantly larger than average footprint to provide exceptional accommodation in excess of 1500 square foot, tremendous potential for further extension, striking original features and off street parking.

Description

A unique detached Victorian villa offering a significantly larger than average footprint to provide exceptional accommodation in excess of 1500 square foot with a wealth of striking original features including high ceilings with decorative cornices, architraves and roses, grand cast iron fireplace and panelled doors. The generous ground floor is ideal for entertaining and enjoyment and features 3 reception rooms (ideal for working from home or an additional playroom for the children) and country style kitchen with direct access to a landscaped and secluded rear garden - larger than average and measuring almost 60' (to include the side return). There is also a spacious cellar area with reasonable head height providing terrific storage. To the upper floors the large landing gives access to 3 sumptuous double bedrooms, 2 measuring in excess of 16' and the smallest 13 x 10'6 there is also a family bathroom. Internally the property is bright and spacious with large rooms, high ceilings and many windows providing an abundance of natural light. Externally there is the distinct benefit of off street parking to the front - exceptionally valuable as a charging area for an electric car. There is planning permission granted July 2021 for a significant ground floor extension and further potential to extend into the loft (subject to consent), These extensions could provide a total footprint of approximately 2500 square foot. In summary properties of this size and style with off street parking and extension potential are rarely available and therefore we would thoroughly recommend a viewing appointment at your earliest convenience to avoid disappointment.
