Description

An impressive detached family home built circa 1982, occupying an enviable position surrounded by greenery in one of Worcester Parks premier roads. The generous footprint in excess of 1700 square foot (to include integral garage & store) is a very well balanced arrangement over two floors. The spacious ground floor with four reception areas, cloakroom & kitchen is ideal for family living, enjoyment and entertaining, large windows and the south west facing rear aspect also make the property incredibly light and airy. On the first floor there are four good sized bedrooms all with fitted wardrobes/cupboards, the principle suite which overlooks the rear garden benefits from an en-suite shower room and there is also a modern family bathroom. The property has been occupied by the current owners for over 30 years and during this time has been well maintained and improved, to include the erection of a large brick base conservatory, which seamlessly links the property to the delightful and rather secluded south west facing rear garden measuring 50 X 35ft. There is tremendous scope for further improvements, expansion at the rear and conversion of the large integral garage & store (subject to consent). At the front of the property there is a large garden and a shared driveway which provides access to ample parking. In summary properties of this size & style in this price bracket are rarely available and therefore we would thoroughly recommend a viewing appointment.
