Description

This fine property has been thoughtfully designed and refurbished using the highest quality of materials to create a beautiful family home with impressive accommodation of 1600 sq ft arranged over 3 floors. The emphasis on the ground floor is on family life and entertaining, the wow factor is a stunning 31' Kitchen/diner/family room with an extensive range of integrated appliances and bi-folding doors leading directly onto a landscaped westerly aspect rear garden with stone patio - ideal for alfresco dining in the summer evenings. The upper floors are extremely well balanced; on the first floor there is a spacious landing with feature exposed brick wall, 2 good sized double bedrooms, a nursery/office and a luxury bathroom with underfloor heating. The conversion on the top floor provides 2 larger than average double bedrooms, the master measures a generous 15' and is fitted with a range of wardrobes, both these bedrooms have access to a modern shower room, also with underfloor heating. High ceilings, dual aspect windows and full height doors make the property incredibly light, 5 bedroom properties matching this specification are rarely available in the immediate area and we would thoroughly recommend an internal inspection at your earliest convenience.

Situation

Staunton Road is a particularly sought after residential road ideally situated in the popular North Kingston area. The property is conveniently positioned between Richmond Park and the River Thames and approximately half a mile from Kingston station giving direct access into Waterloo, the A3 which serves both London & the M25 is easily accessible by car. Kingston town centre with its array of shops, restaurants and bars is within a mile distance. The standard of schooling in the immediate area is excellent within both the private and state sector.
