Words from the seller
The house has been my home for the last 14 years of which time I have enjoyed living here. I have had , over the years, modernised and remodeled the house to how it looks today. It has an open

plan feel without being too open. The rear bi fold doors bring the garden inside all year round .Also I included a total transformation of both the front and rear gardens. I have tried to create a Mediterranean feel to the rear garden with the palm trees ,decking and lighting in separate seating areas. Both front and rear gardens are relatively maintenance free most of the year with night time illumination .

Before buying this house I previously lived the other side of Hilton for a few years but find 115 Avon Way is quietly tucked away behind the hedges/railings with plenty of parking set back from the road which gives it a bit of a secluded feel to it. That was a main factor when I bought it .

The only reason I am looking to move is that now I have retired I am looking to downsize from a 4 bed to a 2/3 bed house. I am sure whoever buys it will enjoy it as much as I have.
