Summary Description

Occupying a distinctive position in the heart of old Hilton village, 14 Main Street is a unique four bedroom freehold home offering approximately 131 square metres (1,407 square feet) of accommodation. Individual styling, character inspired details and versatile living spaces combine to create a home that feels refreshingly different. The property also benefits from driveway parking for two vehicles, a detached garage currently arranged as a gym, and a particularly private enclosed rear garden.

At the centre of the house is an impressive open plan kitchen, dining and family area, designed for everyday family life and entertaining. A bespoke shaker style kitchen with wooden worktops, Belfast sink and substantial island sits alongside dedicated dining and relaxation areas, with French doors connecting directly to the garden. Stone flag flooring, exposed brickwork and contemporary radiators add character, while a separate lounge provides a cosier retreat centred around a multi fuel stove. Upstairs are four bedrooms, including a generous principal bedroom with en suite shower room, together with a stylish family bathroom featuring a freestanding bath and separate walk in shower. A downstairs cloakroom and rear utility area add further practicality. Outside, the secluded cottage style garden incorporates established planting, distinct seating areas, a summerhouse and workshop, while the detached garage provides useful additional flexibility.

glazed window draws in natural light. A fitted base unit incorporates a ceramic sink with drainer, preparation bowl and gold coloured mixer tap, finished with a tiled splashback.

Open Plan Kitchen, Dining and Family Area 19'0" x 18'11" (5.81 x 5.79)

Outside

Garage/Gym and Workshop

Accessed either from the garden or driveway, this detached single storey building offers valuable additional space and considerable flexibility. The current owners have created a dedicated home gym, although the building could lend itself to a variety of recreational,

storage or hobby uses, subject to individual requirements.

Light and power are installed, while access from the garden is via a smaller adjoining shed, currently used as a workshop space. Together, these areas provide excellent scope for anyone seeking dedicated space away from the main house.

Parking

Off road parking is provided by the block paved driveway to the front of the property, offering space for at least two vehicles.

Garden

The rear garden is a real extension of the home's lifestyle appeal, offering an excellent degree of privacy and a carefully considered layout with a relaxed cottage garden feel.

Completely enclosed, the garden is predominantly finished with decorative gravel for ease of maintenance, softened by a broad range of established herbaceous planting, mature greenery and colourful seasonal interest. Clever zoning creates several distinct areas, beginning with a more open section close to the house that works naturally for seating, entertaining and outdoor dining.

Beyond this, the garden becomes more secluded, leading into a charming secret garden area where a summerhouse provides a further place to sit, unwind or enjoy time away from the main house. The combination of planting, screening and varied garden areas gives the outside space a particularly private and individual atmosphere.

A cold water tap and outdoor power socket are also provided.
