### A Touch of History

Broad Lane is one of Nantwich's oldest routes, historically recorded as a "broad roadway" dating back to the 1600s when it served as part of the main route toward Audlem. The area developed gradually from farmland and scattered cottages into the desirable residential stretch it is today. In the 19th century, Broad Lane was home to several farmhouses and a small Methodist chapel, which still stands as a reminder of the area's long-settled community.

Nantwich itself has deep historical roots, once thriving as a key centre for salt production and known for its well-preserved Tudor and Georgian architecture. Many of the homes along Broad Lane reflect this layered heritage — a mix of old-world character and modern comfort — and No. 15 fits that description perfectly.
