Set behind timber gates and approached via a generous driveway, this striking barn conversion has been thoughtfully reimagined to offer a balance of character and modern living. The property retains a wealth of original features, including exposed timbers and vaulted ceilings, which are complemented by contemporary glazing to create a light and airy feel throughout. The entrance hall is particularly impressive, with a double-height ceiling and feature staircase, setting the tone for the rest of the home. From here, the accommodation flows into a substantial open plan sitting and dining space, where bi-folding doors provide a seamless connection to the outside and allow natural light to fill the room. A double-sided wood burner acts as a central focal point, linking this space with a more enclosed sitting room, offering flexibility for both entertaining and quieter evenings.

The kitchen has been designed with both practicality and style in mind, fitted with a comprehensive range of units and integrated appliances, centred around a breakfast bar ideal for informal dining. A separate utility room, with a stable door to the outside, provides additional storage and functionality, while a well-appointed boot room and ground floor cloakroom further enhance the practicality of the layout. A separate study offers a quiet space for home working or could be adapted for a variety of uses depending on requirements.

The first floor is arranged around a galleried landing which overlooks the main living space below, enhancing the sense of volume and architectural interest. The principal bedroom provides a well-proportioned retreat, complete with fitted wardrobes and an en suite bathroom. A second bedroom also benefits from en suite facilities, while two further bedrooms are served by a family bathroom, all presented in keeping with the overall finish of the property.

Externally, the gardens have been thoughtfully arranged to provide a balance of usable and low maintenance space, including a terrace suitable for outdoor dining, areas of lawn and a kitchen garden. The heated swimming pool forms a central feature, complemented by an adjacent contemporary entertaining building with bi-folding doors, incorporating a bar area, kitchen facilities and space suitable for a pool table, creating a versatile environment for a range of uses.

A detached double garage provides additional storage, with a self-contained annexe above comprising bedroom space, kitchenette and shower room, offering flexible accommodation for guests, extended family or ancillary use. The gated driveway provides parking for multiple vehicles.
