GENERAL COMMENTS

30 Gwel An Nans is an understated gem and so much larger than it looks from outside. It is a modern detached house that occupies a double plot so the rear gardens are huge. It enjoys a very sunny, south facing aspect with far reaching views over the surrounding countryside. The house is beautifully presented with large light rooms. The accommodation includes four double bedrooms and bathroom on the first floor with large sitting room, fabulous kitchen/dining room, conservatory and cloakroom downstairs. All of the windows are double glazed and there is mains gas central heating (new boiler installed in 2017). Unusually there are two garages and driveways on either side of the house. There is also potential to build over the garage to provide additional bedrooms and bathroom if required (subject to consent). The rear garden is very large and extremely private and has been designed to make the very best of the afternoon and evening sun. There are many mature shrubs and plants, generous lawns, plenty of sitting out spaces and the summerhouse is strategically positioned to enjoy the last of the days sun. A further lower garden was originally a play area for Gwel An Nans and purchased from the council some years ago. It has been incorporated into the property and currently has several useful sheds and is used for storage. There is further potential to create additional garden space or possibly erect an annexe subject to consent. The property must have one of the largest plots on the development and must be viewed internally to fully appreciate. The house is sold with no chain.

LOCATION

Probus is one of the best served villages in mid Cornwall and is renowned for its excellent amenities and transport links. The village boasts a popular farm shop and butchers, village shop and post office, parish church, primary school, village hall, doctors surgery, Chinese and Indian restaurants, fish and chip shop and public house. It has an excellent bus service with a very regular connection to Truro and St. Austell including for those travelling to both the local secondary schools and college. In addition the property is ideally located for quick access to both the north and south Cornish coasts. The Roseland Peninsula known for its golden sandy beaches is very close by and the A30 trunk road for quick commuting throughout the county is within easy access. Truro is approximately six miles away with its excellent shopping centre, fine restaurants, private and state schools, historic cathedral, flagship Marks and Spencer store and Waitrose together with the Cornish Food Hall which is less than ten minutes away on the Probus side of the city. It also has a mainline railway link to London (Paddington). Newquay airport is only a twenty minute drive away with regular flights to London, Manchester, Dublin, Edinburgh and Glasgow.

REAR GARDEN

The rear garden faces due south and enjoys a very sunny aspect and complete privacy, it is a sheer delight and probably the largest on this popular development. The garden has been landscaped and is beautifully presented and well stocked with many mature shrubs and plants providing year round colour. There is a gently sloping lawn and deep flower bed borders with mature shrubs and trees including black elder, peach wisteria, gunnera, palms to name a few. The garden is enclosed within solid boundaries that are owned by the property. A brick path leads down the garden to a gravel sitting area and onto the summerhouse with deck that is strategically positioned to enjoy the last of the days sun. An additional shed has light and power. The path continues to the lower garden which is a former play area that was purchased from the council and is on a separate title. It is enclosed within a block wall and very private with three wooden sheds (one with light and power) and greenhouse. There is potential to develop this area further and ample space for an annexe subject to consent.

SERVICES

Mains water, electric, drainage and gas are connected. Fibre broadband point in the front pavement.

N.B

The electrical circuit, appliances and heating system have not been tested by the agents.
