GENERAL COMMENTS

Water Lodge is a spacious detached modern house that enjoys magnificent, panoramic views over Restronguet Creek with the wooded river bank and countryside beyond. It is a very special view. The house has been transformed and completely refurbished during our clients ownership and is beautifully presented throughout leaving nothing for prospective purchasers to do. The accommodation is over three floors and all of the principle rooms enjoy a sunny aspect and superb water views. A feature of the house is the light and spacious kitchen/dining room with quality, bespoke hand painted kitchen with Miele integral appliances. The water views from here are amazing and sliding doors open from the dining area onto the large terrace where the views are even better. The accommodation includes: spacious hallway, guest double bedroom with views and en suite shower room, utility/cloakroom and integral double garage on the ground floor. The first floor has the sitting room with woodburner, dining room and kitchen. The second floor has three double bedrooms, the master has an en suite shower room, the second bedroom an en suite bathroom. There is underfloor heating on the first floor and in the bathrooms. All of the windows and doors have been replaced with modern double glazing. A large paved terrace with frameless glass balustrading runs along the front elevation with plenty of sitting space to enjoy the stunning views. A driveway provides lots of parking and turning space. The front garden is gently sloping lawn whilst the larger rear garden is enclosed and very private.

LOCATION

The hamlets of Point and Penpol combine to form a residential community about five miles to the south of Truro. Restronguet Creek is very popular with boating enthusiasts and provides easy access to the sailing waters of the Fal Estuary (Carrick Roads). A public slipway is within a short walk of the house, local facilities are available in Carnon Downs (about one and a half miles) whilst the Cathedral city of Truro provides an excellent shopping centre and includes a main line railway station to London (Paddington) and a good selection of restaurants and bars. The Hall for Cornwall provides year round entertainment and there are golf courses at nearby Truro and Falmouth. The historic port of Falmouth is about eight miles away. Point is also at one end of the Bissoe cycle trail which runs along the creek to Devoran through Bissoe and eventually leads to the north Cornish coast at Portreath.

In greater detail the accommodation comprises (all measurements are approximate):

OUTSIDE

A tarmac driveway leads from the Old Tram Road up to the house where there is parking for four cars. The front garden comprises two gently sloping lawns with attractive Cornish stone retaining walls and deep well stocked flower beds. Dense side boundaries have hedges and mature shrubs and plants. The views are fantastic and far reaching overlooking the ever changing tidal waters of Restronguet Creek. A deep open porch has lights and a tiled floor. Pathways lead along both sides of the house to the rear garden and steps lead to the balcony.

BALCONY

The south facing balcony runs the full length of the front elevation and is accessed from the kitchen/dining room with steps leading to the garden. It was designed very much as part of the extension with glass seamless balustrading and tiled floor. The creek views from here are magnificent and there is plenty of space for sitting out and enjoying the peaceful setting and enjoying sounds of the curlews and oystercatchers.

REAR GARDEN

The rear garden is enclosed and enjoys the afternoon and evening sun. A patio accessed from the sitting room and kitchen provides sitting out space with attractive stone retaining walls. The garden is mainly lawn and surprisingly private with a selection of mature shrubs including camellias, deep flower beds. At the top of the garden is a recently built stone wall and greenhouse.

SERVICES

Mains water and electric are connected. Private drainage.

N.B

The electrical circuit, appliances and heating system have not been tested by the agents.
