GENERAL COMMENTS

The setting of The Oaks is very special indeed surrounded by magnificent gardens and grounds that extend to approximately 2 acres. A haven for wildlife and very peaceful yet only minutes from Truro. During 2011 The Oaks was rebuilt and extended substantially. It has been refurbished to a very high standard and is beautifully presented throughout. A feature is the superb live-in kitchen, dining and sitting area which is ideal for modern day living with lots of glass affording plenty of natural light and making the most of the garden views. The Sun Room with full height aluminum, double-glazed windows, doors and pitched roof is open from the kitchen and leads through double glass doors to a spacious lounge with Wood Burning Stove. The whole space can be opened to create a lovely entertaining area. From the hallway there is a laundry, snug/4th bedroom, cloakroom, storage, back door porch and three double bedrooms all with en-suite facilities. Large loft space.

The beautiful gardens are a sheer delight and are well stocked with literally hundreds of specimen plants, shrubs and trees. There are several outbuildings including a purpose-built sound studio, which is an ideal home office with broadband connected and a very attractive summerhouse/hobby room with heating and internet. A former Gardeners Cottage has further potential for an annex, holiday let or overflow accommodation and is insulated, has underfloor heating, light, power and water connected. There is a detached double garage with parking and turning area located on the edge of the meadow. This has possible development potential to create additional accommodation subject to consent.
