GENERAL COMMENTS

Trethullan House is a fabulous detached converted barn located in a very quiet, rural setting with amazing gardens and grounds that extend to approximately three acres. The barn itself is extremely spacious and extends to over 4,000 square feet with extremely versatile accommodation that is currently configured as a four bedroom main dwelling with integral one bedroom self contained annex. The property has been greatly improved by the current owner and is beautifully presented throughout. All of the rooms are of a good proportion with large windows and glazed doors mostly enjoying a sunny aspect with views over the garden and countryside beyond. A feature is the fabulous conservatory that runs along the front of the house, perfect for sitting, dining and entertaining. In addition there is lots of living space that is perfect for modern day living including large kitchen/dining room with Aga and spacious sitting room. Also on the ground floor is a large entrance hall with huge turning staircase, utility room and cloakroom. The first floor offers four double bedrooms, study landing and bathroom. The master bedroom is particularly spacious with en suite shower room. In addition to the main dwelling there is a two storey self contained annexe that is ideal for a dependent relative but also offers excellent income potential for holiday letting and perfect for working from home. It has interconnecting doors from the hall and landing so is easily amalgamated for those looking for a one very large family home. The accommodation includes a double bedroom with en suite on the ground floor with steps leading to the first floor open plan live in kitchen, dining and sitting room with balcony and fine views. A driveway provides plenty of parking and there is a detached triple garage.

The gardens and grounds are truly incredible and extend to just over three acres and must be viewed to truly appreciate. A fine selection of specimen trees, shrubs and plants have been planted over the last thirty years and have matured into a fabulous garden that is surrounded by countryside.

LOCATION

The location of Trethullan House is very special indeed and within an area that is notably unspoiled; rolling farmland predominates and high Cornish hedgerows are attractively wooded. It enjoys a quiet rural setting yet is within a mile of village facilities at Sticker and strategically positioned for quick access to the A30, Newquay airport and both coasts. Sticker is a thriving community on the western side of St. Austell and with a good selection of facilities including shop, post office and public house. A regular bus service connects Truro through to St. Austell and obviously both centres offer a wide range of amenities including supermarkets, banks, building societies, restaurants as well as being close to three popular golf courses and a main line rail link to London (Paddington).
