A LEVEL FIELD IN AN ATTRACTIVE SEMI-RURAL LOCATION ON THE EDGE OF ILLOGAN - EXTENDING TO APPROXIMATELY 1.68 ACRES

GENERAL COMMENTS

An opportunity to acquire a manageable parcel of land enjoying an attractive semi-rural position on the edge of Illogan.

Extending to approximately 1.68 acres, the field will appeal to purchasers seeking land for hobby farming or other small-scale agricultural pursuits, subject to any permissions required for their intended use. Its position on the edge of the village may also be of interest to those considering its longer-term development potential.

THE LAND

The land comprises a single level field, currently unused, with gated access from a private road. The boundaries include established trees in places and stock fencing along two sides.

PLANNING AND LONGER-TERM POTENTIAL

As far as the sellers are aware, there is no planning history relating to the land.

The land's position on the edge of Illogan may offer longer-term "hope value". This refers to the possibility that the land could become more valuable through a future change of use or development.

Such potential is speculative and may never be realised. Any development or change of use would require planning permission and all other necessary consents. No assurance is given that these would be obtained, and prospective purchasers should make their own enquiries of the Local Planning Authority.

SERVICES

Prospective purchasers should make their own enquiries regarding the availability and cost of connecting services.

ACCESS

The field has gated access from a private road, over which we understand it benefits from full rights of access. Prospective purchasers should make their own enquiries through their solicitors regarding rights of way, easements and any rights relating to any services crossing the land.

We understand that the private road is unregistered and that the purchaser would share responsibility for any future maintenance of the section leading to the field gate. The precise access rights and maintenance obligations should be confirmed during conveyancing.
