## GENERAL REMARKS AND LOCATION

Poldalla is an environmentally aware, architect designed family sized home. It offers absolute eco friendliness and every effort has been made to make this building as ecological and green as possible. Despite being on the edge of the village, Poldalla offers much privacy and peace. The property comprises hall and WC on the lower ground floor leading into a large garage and boat store, which could easily be turned into Bed 3/4, store (plumbed for a bathroom) and plant room. Either the purpose built lift or unique, hand made staircase takes you to the upper ground floor. Modern, fully integrated kitchen, dining room and living space are all connected to the sun terrace with stunning bifold doors. From the main living space there is a separate study area with bespoke units. On the first floor a large master suite includes walk in wardrobe area and bathroom. The guest bedroom enjoys stunning views over the countryside and also has a large ensuite shower room.

In greater detail the accommodation comprises (all measurements are approximate):

### HALL & LIFT

The entrance courtyard at Poldalla leads into the striking, modern hallway with oak and armoured glass feature stairs, limestone tiled flooring and 3 person Italian 'Meta' lift.

### CLOAKROOM/WC

On the ground floor there is a cloakroom/WC positioned opposite the lift.

### GARAGE AND BOAT STORE

There is a large garage/boat store below the entire floor plan of the property. It lends itself to the way of life in

Portscatho allowing easy storage for water equipment. The potential however could be even more exciting- with the rare opportunity to provide two further bedrooms (there would still be space for a double garage) and the current store room has plumbing in situ to provide an additional bathroom.

### LIFT

The purpose built lift allows people of all ages to enjoy the property and its potential. It has been designed to grant access on all floors. The lift is Italian 'Meta' and can fit up to 3 people.

### STORE ROOM

The store room is currently set up as an artists studio. It provides further storage space or the potential to become a bathroom (with plumbing already in place)

### PLANT ROOM

### OPEN PLAN LIVING SPACE

The dining area benefits much natural light and opens right on to the sun terrace when the doors are folded back.

The lounge area houses a freestanding Jydepejsen Danish bespoke wood burner, the room enjoys a panoramic view over the countryside appreciating stunning sunsets in the evening.
