GENERAL COMMENTS

Thorne Cottage is a very attractive semi detached period cottage together with mature enclosed gardens, outbuildings, stables and approaching three acres of land. The whole property is incredibly private and there are fabulous views over the surrounding countryside. The cottage is beautifully presented and retains many period features including two magnificent granite fireplaces in the sitting room, exposed beams, period doors and handsome stone elevations. The accommodation includes three double bedrooms, bathroom and separate w.c on the first floor with lounge/dining room, kitchen, hallway, utility, rear sun room and cloakroom downstairs. Modern additions include a new air source heat pump for heating and hot water, solar panels, battery storage and lots of insulation. Amazingly the EPC is B which is superb for a period cottage. Outside is a private enclosed cottage style garden with lots of mature shrubs and plants, driveway parking and a path leads to the land and outbuildings at the rear. This area has parking for five cars and is accessed by a private drive that gives a second access. A huge barn is used as a workshop but could be utilised as garaging and perfect for hobbies or working from home and attached is a further useful outbuilding. The land is divided into two paddocks and enclosed within natural hedge boundaries, the views from here over the surrounding countryside are magnificent. There are additional buildings and stables so perfect for equestrian enthusiasts.
