Bright and spacious one bedroom apartment located on the 3rd floor offering luxury living space within the exciting new Battersea Power Station development. The apartments themselves have been designed by award-winning interior designers Johnson Naylor to be fitting neighbours to the iconic splendour of the Power Station. Floor to ceiling windows and taller than average ceilings maximise views out and light in. The finishes blend modernity and luxury with touches of art-deco intricacy, with recreations of period light fittings and architectural ironmongery. Wooden floors and open-plan layouts generate a feeling of space and warmth.

The residents of Circus West will also have access to a private garden and a 5,000 sq ft private residents' club, designed by the renowned David Linley. Entered through a triple height lobby area, it is home to a private bar and private dining space, as well as a library, business centre, private cinema and a host of additional amenities for the benefit of residents.
