OVERVIEW

St Peters House dates from the 18th Century with later extensions and in the last two years further upgrades with a new heating system and septic tank. Also recently purchased, is further adjoining grazing land to provide a total garden and land area of around 2.7 acres. This is a period property close to the Church and a cluster of other houses and barn conversions in the Hamlet. The interior is quite grand with balanced room proportions across three floors and stylish bathroom fittings. With part sandstone construction, there are an array of period features and architectural features that have been retained, including a bread oven, exposed beams and range of useful cellars. There is private parking and garaging, with a courtyard to the side that provides a separate parking area for the holiday let/annexe and the neighbouring barn conversion.

ACCOMMODATION

The property is entered via an entrance porch, with steps rising to the dining room, which enjoys a dual aspect and features an attractive fireplace with surround. An inner hallway provides stairs to the first floor, as well as access to a range of cellars. The drawing room benefits from high beamed ceilings, windows to the front elevation, and a large fireplace housing a log-burning stove, while a study across the hall overlooks the rear garden. The breakfast kitchen is fitted with a range of matching base and wall units, complemented by a central island providing additional workspace and storage. The kitchen includes a sink unit, integrated oven and microwave, and space for further appliances, along with a feature original bread oven. Double doors lead into the garden room with French doors leading out onto the patio and garden beyond.

From the kitchen, a separate hallway provides access to both the front and rear of the property. This area also includes a utility room with space for appliances, a WC, and houses the hot water cylinders, along with additional storage.

From here, there is access to the adjoining annexe/holiday let, which has its own private front entrance and parking. The annexe comprises a hallway, a ground floor double bedroom, and a modern, spacious shower room fitted with a shower, wash basin, WC, and heated towel rail. Stairs rise to an open-plan first floor living/kitchen area with vaulted ceilings, exposed beams, and windows to both the front and rear elevations. The kitchen is fitted with base units and worktops, a built-in oven with hob and extractor above, provision for a dishwasher, and an undercounter fridge and freezer.

Back in the main house, stairs rise to the first floor landing, which provides access to four generous bedrooms and the family bathroom. The principal bedroom suite enjoys views over the front elevation and benefits from a private en-suite shower room, fitted with a concealed WC, wash hand basin, corner shower, and heated towel rail. There are two further double bedrooms, both featuring cast-iron fireplaces, and a fourth bedroom currently used as a home office, fitted with a range of furniture including wardrobes and drawers, with a window overlooking the rear garden.
