** A LARGE 3 BEDROOM DETACHED HOUSE**
dating back to circ 1880. Requires significant
renovation/modernisation, including needing a new
roof and damp proofing, located in the village of
Pen-y-Cae. Formerly 2 cottages, it was made into
one by knocking a door from one to the other in
the 1980's. There are still 2 staircases, 2 large

condition, with lots of potential to develop the rest
of the property. The property also occupies a great
size plot with very generous lawn plus patio areas
to the rear, off road parking to both sides of the
house. The village of Pen-y-Cae offers a wealth of
local amenities near by and also has excellent access
to the A483 for commuting. In brief the property
comprises of; kitchen, large sitting room, hallway, wet
room (in useable condition with boiler cupboard,
boiler is only four years old), second large sitting
room rear hallway/utility room to the ground floor,
the main stairs leads to a landing and two double
bedrooms with the second staircase leading to a
landing from the utility, where this is a shower
cubicle leading onto a large 3rd double bedroom.

To the rear is a paved patio immediately adjacent to the rear of the property with steps up to a generous lawned garden with central concrete pathway. To the other side of the property is a paved driveway with a carport providing more off road parking.

There is pedestrian 1 metre access along this area adjacent to the neighbours house so they can access their side gate. If a buyer doesn't want the second driveway the neighbours are very keen to buy it.

ADDITIONAL INFORMATION PLANNING

The cottage was two cottages until circa 1982 when the family bought the second cottage after a family member died and made it into 1 generous family

home. The only change they made was to add an opening in one wall from the sitting room in one cottage to allow access to the sitting room in the second and the removal of the second kitchen. Should a buyer want to change it back into two they would need full planning. Highways have commented that the fact there is no turning area for cars to meet current legislation it may not be possible.
