An arched opening through the hedge opens to an area used for growing vegetables and plants with a timber built greenhouse, part gravelled, part lawned and access to a large summerhouse. The garden then extends further into a predominantly lawned garden to the foot of the garden.

Summerhouse

The summerhouse is currently used as a hobby studio but would make an excellent outdoor office or games room with full mains electricity.

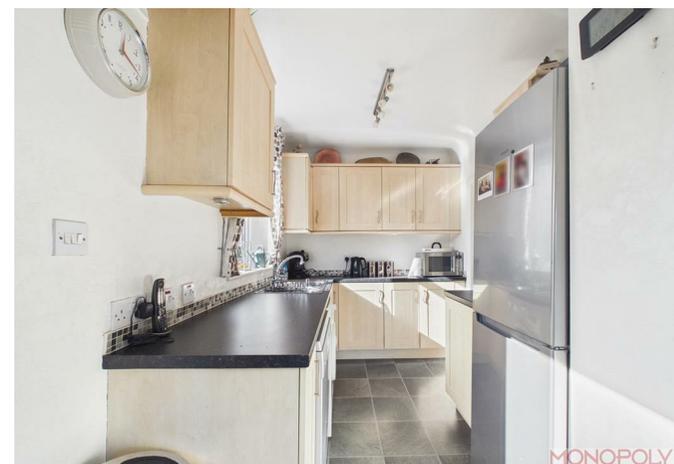

Front

To the front of the property is a lawned garden and concrete driveway providing off road parking and leading to double timber gates opening to allow access to a single garage with up and over door.

Additional Information

The central heating system is oil fuelled.
