Description of Property

As you come into the hallway, you are welcomed by neutral tones and contrasting hardwood flooring throughout the ground floor, setting a warm and inviting tone for the rest of the home. The hallway provides access to the reception rooms and includes a guest WC. There is also fitted storage at the entry for extra convenience for guests and occupants.

To the right, a study overlooks the front garden and serves as the perfect space to work from home.

To the left is the large drawing room, a through room offering views of both the rear garden and the front. This substantial living room provides a refined space for entertaining guests or everyday family living. At the rear, a generous dining area features sliding doors leading out to the garden patio for seamless indoor and outdoor living.

From this room, you can access the utility room, which houses the washing machine and tumble dryer, making it the perfect spot for laundry. It also includes a sink and provides access to the rear garden.

Accessible via double doors from the drawing room and

separate access from the hallway is the heart of the home - the stunning, comprehensively re-fitted breakfast kitchen. It features a deep central island, contemporary units, an array of appliances, and opens up to the conservatory.

The conservatory is perfect for family time and opens out to the rear garden for additional indoor and outdoor living. It provides 360-degree views of the garden and lets in abundant natural light, with double doors leading out to the patio area of the garden.

Moving up to the first floor, you find three double bedrooms, each featuring fitted wardrobes and offering views of the rear garden, allowing natural light to flow throughout.

Finishing the first floor is the spa-like family bathroom, featuring a white suite with a bathtub, WC, sink, and separate shower.

Gardens and Grounds

As you approach the property, it is set back from the roadway behind a deep tarmac multi-vehicular driveway with block-paved edging and a dwarf wall at the front. The driveway is bordered by hedging on one side and fencing with mature trees on the other.

Moving to the rear, there is an exceptionally generous garden, approximately south-westerly in elevation. The garden features timber decking leading to a wide paved patio area, which opens to a substantial lawned area with shrubs and trees. Timber fencing surrounds the garden, enhancing its south-westerly aspect.
