Location

The site occupies an enviable semi-rural position on the northeastern edge of Sutton Coldfield, approximately 0.75 miles from Mere Green and 2.5 miles from Sutton Coldfield town centre. The area is characterised by large detached houses and open farmland, offering an attractive balance of countryside tranquillity and urban convenience.

Nearby Mere Green provides an excellent range of local amenities, including bars, restaurants, supermarkets, and the popular Mulberry Walk retail and leisure development. Butlers Lane railway station is less than a mile away, providing direct services to Birmingham New Street in around 30 minutes. The area also falls within the catchment for several highly regarded schools including Bishop Vesey's Grammar School, Sutton Coldfield Grammar School for Girls, and Highclare School.

Description of the site

The property comprises a part-completed residential development site extending to approximately 1.35 acres.

The development benefits from full planning consent (Ref: 2020/05227/PA) for four executive five-bedroom detached homes of contemporary design, three of which — Plots 1, 2 and 3 — are included within this sale.

- Plot 1 (approx. 3,993 sq ft): Superstructure complete, roof unfinished.
- Plot 2 (approx. 3,960 sq ft): Superstructure and roof largely complete.
- Plot 3 (approx. 5,661 sq ft): Foundations laid only.

Each property is designed to provide spacious open-plan living accommodation, five en-suite bedrooms, and high-specification finishes, underfloor heating.

Externally, the design incorporates large rear gardens, terrace/balcony areas, and double garages, with Plots 2 and 3 benefiting from open countryside views to the north.

Access is provided via a private estate road off Hillwood Road, serving all four approved plots.

Design & Specification

Created with sustainability in mind, each home has been carefully designed to blend luxury with environmental responsibility. The architecture embraces natural light and landscape, with planted "green" roofs, glazed roof panels, and full-height windows framing uninterrupted views across the landscaped gardens and beyond towards Lichfield and the Peak District. The principal suite in each house features a statement bedroom with access to a private terrace or balcony, a bespoke dressing room, and a luxurious en-suite bathroom. Several of the remaining four bedrooms also include dressing areas, with every bedroom enjoying its own en-suite.

At the heart of each home lies a contemporary open-plan kitchen, dining and family space, individually designed to create the ultimate hub for modern living.

Additional living spaces include a cinema room, a bright main lounge, snug or study, boot room, and an integral double garage.

Planning

Planning permission was granted under reference 2020/05227/PA for: "Demolition of the existing dwelling at 52 Hillwood Road and erection of a replacement dwelling with four additional detached dwellings to the rear."

Subsequent applications have discharged or varied a number of conditions, including materials, ecological, and drainage details. Interested parties should satisfy themselves via Birmingham City Council's Planning Portal regarding all consents, CIL obligations, and associated S106 matters.

Development Potential

This sale offers a rare opportunity for a developer or private investor to complete a high-end residential scheme within one of Sutton Coldfield's most desirable semi-rural locations.
