Singleton Road

A handsome three bedroom home with two reception rooms and a mature rear garden.

Original parquet flooring runs through much of the ground floor, linking a pair of reception rooms that remain rich in period detail. High ceilings, coving and picture rails speak to the building's heritage, while the generous proportions create a strong sense of space throughout. The front reception room is centred around the bay window, while the second opens directly onto the garden.

To the rear, the house broadens into a kitchen and dining room. Timber worktops, extensive cabinetry and a simple palette of materials create a practical and attractive working space, while a rooflight and large glazed doors bring daylight deep into the plan and establish a direct relationship with the garden beyond.

The first floor provides three bedrooms, a family bathroom and separate WC. The principal bedroom stretches across the front of the house and enjoys the proportions typical of homes from this period.

Outside, the rear garden is a particularly attractive feature. Mature planting, established borders and a central lawn combine to create a space that feels settled and private, with paved seating areas positioned to enjoy the surroundings throughout the year.

Singleton Road occupies a convenient position within Splott, a neighbourhood increasingly appreciated for its strong sense of community and proximity to the city centre. Local shops, cafés and everyday amenities are close at hand, while Newport Road provides excellent transport links across Cardiff and beyond.
