Additional information provided by the seller

The green space opposite the houses is owned and maintained by the residents association as an amenity for us all to enjoy. It can't be sold or developed unless all the shareholders agree, so you'll always have a green open outlook from the house. Established in 2007 to secure ownership of the green land and prevent it from being sold off for development, e.g. housing, car parking etc. The Grange Resident Management Company was formed as a legal entity to enable this process. Each household was offered 1 share per household. Each share cost £1. In doing so, residents accepted liability for a share of the initial costs

(to reinstate land into good condition) and ongoing costs associated with upkeep, accountant fees, and insurance. The annual fee is currently £75.

No.24 is one of the few houses in The Grange to have side access to the garden - I've always found it practical and very useful.

No.24 also comes with the strip of land which runs alongside the house at the side - an extra bit of garden that nobody else has! And a pond!

It's an amazing house to live in - because of the huge windows, it's comfortable, bright and airy and lovely to spend time in. I used to find myself sitting down in the living room to do something and then realise I'd just spent half an hour looking out of the window instead.
