Ardwyn

Set along a well-established residential road in Rhiwbina, this three-bedroom semi-detached home has been carefully kept over the years and now offers an excellent opportunity for its next owner to update the interiors to their own taste. Offered with no onward chain, the house combines generous living accommodation with a long driveway, detached garage and a particularly spacious rear garden.

The entrance hall sets out a traditional and practical arrangement. To the front is a comfortable bay-fronted lounge, centred around a stone fireplace, while the separate dining room sits at the rear with glazed doors opening directly onto the garden. The kitchen provides a good amount of fitted storage and worktop space, together with an adjoining rear hall, WC and useful utility/storage room.

Upstairs are three bedrooms and a shower room. Both of the larger bedrooms benefit from extensive fitted wardrobes and storage, while the third lends itself equally well to use as a bedroom, study or nursery. The accommodation is clean and immediately usable, although there is clear scope for cosmetic modernisation and for a new owner to gradually make the house their own.

The outside space is a particular feature. A broad driveway extends alongside the house to a detached garage, providing substantial off-road parking. Behind, the garden unfolds through several distinct areas, with a patio close to the house, lawns, established hedging, mature planting and a further garden beyond.

Rhiwbina remains one of North Cardiff's most established residential neighbourhoods, known for its village centre and collection of independent shops and everyday amenities. Rhiwbina Hub and library sit within the village, while nearby green spaces add to the area's appeal. Local schooling includes Rhiwbina Primary and Llanishen Fach Primary, with secondary schooling available in the wider North Cardiff area. Rhiwbina railway station provides regular connections towards Cardiff Central.

Mature boundaries provide a pleasant sense of enclosure, while a small timber shed offers additional garden storage. Gated side access connects the garden with the driveway and garage.
