A deceptively spacious Grade II Listed semi detached period house located in the picturesque St Mary's Square with the pretty Church of St Mary the Virgin behind which dates from about the fifteenth century, replacing a previous Norman building. In the heart of "Cow Town" this pretty house is ideally located for the Square with many beautiful coastal walks and parks all within easy walking distance.

The property would make a lovely family home thanks to its very spacious and airy rooms that receive great light from the very sunny southerly aspect to the rear. There are some great schools on the doorstep and the play park at St Mary's is perfect for children of all ages or a great place to take the dog for a walk.

The property is slightly elevated off the road which gives the accommodation a great amount of privacy from passers by. The entrance vestibule opens out into a superb size room with great height ceilings which add to the open airy feel. The property is brimming with character and charm with many period features retained. Towards the rear a good size kitchen with lots of storage opens out onto the sun trap limestone wall lined rear courtyard.

On the first floor there are 2 good size double bedrooms and a family bathroom. The second floor has a large office landing which could make a lovely second snug lounge or serves as a great home office space, there is even the ability to add rear access from a staircase to this level to create an annexe if required. In addition there is another large double bedroom and a second family bathroom.

The rear courtyard is steeped in history with its lovely exposed limestone walls and many remnants of old buildings formed into the walls. The pretty church tower can be seen from the rear aspect and adds a real air of authenticity to the age of the area.
