This beautifully presented and recently renovated semi detached bungalow offers 2/3 bedrooms with scope to create further accommodation in the spacious loft (subject to consents). The home is complemented by landscaped gardens to three sides, a detached garage, and a highly versatile self-contained annexe with independent access. Modernised and improved throughout by the current vendors — including roof works, new boiler (July 2022) with radiators, updated décor, and owned solar panels providing an income from electricity returned to the grid — the property is ideally suited for families, downsizers, or buyers seeking multi-generational living or space to work from home. Occupying a pleasant position in Hullen Edge, one of Elland's most sought-after residential localities, the property is well placed for an excellent range of local amenities including schools, shops, and transport links, together with easy access to the M62 motorway network.
