## Energy Efficiency Rating

|   | Current                 | Potential |
|---|-------------------------|-----------|
| Very energy efficient - lower running costs |                         |           |
| (92 plus) <b>A</b>                          |                         |           |
| (81-91) <b>B</b>                            |                         |           |
| (69-80) <b>C</b>                            |                         |           |
| (55-68) <b>D</b>                            |                         |           |
| (39-54) <b>E</b>                            |                         |           |
| (21-38) <b>F</b>                            |                         |           |
| (1-20) <b>G</b>                             |                         |           |
| Not energy efficient - higher running costs |                         |           |
| <b>England &amp; Wales</b>                  | EU Directive 2002/91/EC |           |

## Environmental Impact (CO<sub>2</sub>) Rating

|   | Current                 | Potential |
|---|-------------------------|-----------|
| Very environmentally friendly - lower CO <sub>2</sub> emissions |                         |           |
| (92 plus) <b>A</b>  |                         |           |
| (81-91) <b>B</b>  |                         |           |
| (69-80) <b>C</b>  |                         |           |
| (55-68) <b>D</b>  |                         |           |
| (39-54) <b>E</b>  |                         |           |
| (21-38) <b>F</b>  |                         |           |
| (1-20) <b>G</b>   |                         |           |
| Not environmentally friendly - higher CO <sub>2</sub> emissions |                         |           |
| <b>England &amp; Wales</b>                                      | EU Directive 2002/91/EC |           |
