Ashton keynes

Ashton Keynes is a village and civil parish in north Wiltshire, England which borders with Gloucestershire. The village is about 5 miles (8 km) south of Cirencester and 3.5 miles (5.6 km) west of Cricklade. At the 2011 census the population of the parish was 1,400. The village lies within the Cotswold Water Park and is the only settlement substantially on both sides of the River Thames, which has many channels here, centred 6.5 miles (10 km) from its source at Thames Head.

The local school is Ashton Keynes Church of England School. Parts of the school building date back to 1870. Ashton Keynes is twinned with the French village of Grandchamps-des-Fontaines. There is a Twinning Association in the village, which organises regular exchange trips and other activities between the village communities. The village has many clubs and societies, most centred on the village hall or with links to the village church. Sports clubs include cricket, tennis, badminton and football. Musical groups include two choirs, an orchestra and a jazz band. There is also a Women's Institute and a Golden Years Club. Residents in the village have taken on two businesses (both on the High Road) as community businesses when they faced closure. The one remaining pub, the White Hart Inn, is collectively owned and run by several village residents who took on the licence in 2011. In 2012, the White Hart Inn was awarded 'Best Community Pub' for the South West region in the Great British Pub Awards. The local village shop has also been community owned and run since December 2011, located in a newly built annexe of the village hall on the High Road.

Cirencester is an historic Roman town which became an important centre for the wool trade in medieval times. Today it is a thriving market town. The property occupies a desirable situation. Shopping in Cirencester is highly regarded. Off the main streets there are many interesting back lanes with specialist shops, particularly Black Jack Street. On the outskirts of the town are several supermarkets, as well as a hospital. A new Leisure Centre was opened in 2006 and one of the oldest open-air pools in the country is a short walk. A gate to the 2500 acre Cirencester Park, belonging to the Bathurst family and open during the day, is also a short walk off Cecily Hill. Many concerts are given in the church and there are talented local choirs and amateur dramatic groups. Within about half an hour's drive are the towns of Cheltenham, Gloucester and Swindon. Description

The current vendors purchased 15 Four Acre Close approx. 4 years ago from Cain and Fuller at that stage the property had been a loved family home for many years how ever it was dated and required full renovation. In the last four years the house has undergone a true transformation with a series of extensions and a massive renovation to now provide 2465 sq ft of family accommodation over two floors, a stylish light and contemporary living space. The house benefits from an array of convenience features these include full under floor heating to the ground floor space, a dual aspect to the reception rooms with a series of bi-folding doors leading onto the secluded and sizeable family gardens. There is an extensively fitted Kitchen/Dining/Family room fully equipped to a high standard with comprehensive range of storage and built-in appliances including family breakfast bar ideal for the growing family. A large sitting room has a picture window to front aspect and benefits from an inset wood-burner , such an asset in this open plan flowing living space. To the rear elevation there is a formal lounge, dual aspect with a series of two full opening bi-folding doors onto the secluded rear garden, a stunning room. For those who work from home a home office is located to the side with door access onto the rear garden also. For me the entrance to the house is amazing, central entrance door leads to a wide and long family hallway with full vision to the rear garden in the distance through one of the bi-folding doors. This hallway leads to all of the accommodation as well as door to the integral garage so handy in the winter months. The first floor benefits from five family sized bedrooms and an extensive selection of storage. The master suite is a large open space with dual aspect windows over looking the rear garden, large walk-in dressing room and a contemporary en suite shower room. To the front of the house the 2nd guest suite also has a large walk-in dressing room with door to a contemporary en-suite shower room. The further three bedrooms are all of generous size with pleasant aspects and share use of a family bathroom.

This house must be viewed to appreciate the level of work the current vendors have carried out in the last four years to now present a simply stunning and appealing family living space in this sought after location.
