Description

Accommodation

BROADBAND: We understand that the standard broadband download speed at the property is around 12 Mbps, however please note that results will vary depending on the time a speed test is carried out. The estimated fastest download speed currently achievable for the property post code area is around 1800 Mbps. Data taken from checker.ofcom.gov.uk on 17/07/2026. Actual service availability at the property or speeds received may be different.

MOBILE: Please refer to checker.ofcom.gov.uk for mobile coverage at the property. This can vary depending on the network provider and other factors that can affect the local mobile reception and actual services available may be different depending on the particular circumstances, precise location and network outages.
