Blythsford Road

Hall Green

Offers Around £415,000

Description

Blythsford Road leads from Newborough Road which runs directly onto Haslucks Green Road in which are sited local shops, Shirley Railway Station and access to Shirley Park.

We are advised that there is good schooling in the area for children of all ages, with catchment areas being subject to confirmation from the Education Department.

Local shopping facilities can be found at the Robin Hood Island and a short drive into nearby Shirley offers a wide choice of Supermarkets, convenience and speciality stores, restaurants and hostleries and there are frequent bus services running along the A34 into Birmingham City Centre and Solihull Town Centre – boasting the vibrant and modern Touchwood Centre offering shopping facilities and evening entertainments. Hall Green is served by both Hall Green Railway Station, on the Stratford Road and Yardley Wood Railway Station on Highfield Road.

Off the main Stratford Road through Shirley leads Marshall Lake Road boasting the Retail Park and further down the A34 one will find the Cranmore, Widney, Monkspath and Solihull Business Parks, and on to Blythe Valley Business Park which can be found at the junction with the M42 motorway, providing access to the Midland Motorway Network. A short drive down the M42 to Junction Six, you will find Birmingham International Airport and Rail Station.

An ideal location therefore for this much extended and improved semi detached house which occupies a wide corner plot and has a gated driveway to the rear with electrically operated gate and a detached double garage. The well proportioned and deceptively spacious accommodation includes a ground floor WC, an amazing open plan living space to the rear with sitting area, dining area and integrated modern shaker style kitchen. There is a separate lounge to the front, four double bedrooms, en suite shower room and family bathroom. All in all; a great family home that requires immediate internal inspection and is being sold with the benefit of no upward chain.
