Meadow Pleck Lane

Dickens Heath

Offers Around £585,000

## Description

Meadow Pleck Lane is situated on the fringes of Dickens Heath. Situated within one of the original phases of the development, Meadow Pleck Lane and Round Close are some of the most established roads, with the benefit of the original hedgerows and aged oak trees.

Meadow Pleck Lane leads directly from Dickens Heath Road, which forms one of the main artery roads through the village. The development benefits from the close proximity of open countryside and the canal, where canal side walks will take you through to Birmingham Centre and Earlswood Lakes. The village boasts its own junior and infant school, Dickens Heath Primary School and secondary education can be found at nearby Solihull secondary schools, including Light Hall and Alderbrook. Education facilities are subject to confirmation from the local Education Department.

The main shopping centre of nearby Shirley offers a wide choice of supermarkets, convenience and speciality stores, restaurants and hostleries, and there are frequent bus services along the A34 into Birmingham city centre and Solihull town centre boasting the vibrant and modern Touchwood Development offering shopping facilities and evening entertainment.

Shirley has its own train station in Haslucks Green Road, providing a service to Birmingham city centre and Stratford-upon-Avon, and also close to the village is Whitlocks End Railway Station which also provides a service to these destinations.

Off the main Stratford Road leads Marshall Lake Road boasting the Retail Park, and further down the A34 one will find the Cranmore, Widney, Monkspath and Solihull Business and leisure park, and onto the Blythe Valley Business Park, which can be found at the junction with the M42 motorway, providing access to the midland motorway network. A short drive down the M42 to junction 6 will find National Exhibition Centre and Birmingham International Airport and Railway Station.

An ideal location therefore, for this very well presented and extended detached house which was originally constructed by Bryant Homes to their 'Richmond' design and has been extended to the ground floor to provide additional living space and has parking for up to 4 cars. The property is being sold with the benefit of no upward chain and viewing is recommended to appreciate the overall presentation of the property.
