IF YOU LIVED HERE...

Thanks to its elevated fifth-floor position, the apartment enjoys a wonderful sense of peace, with skyline views that enhance the feeling of space and calm. This height also improves energy efficiency and ensures an abundance of natural light throughout the day—especially in the thoughtfully decorated living area, which offers plenty of room for both dining and relaxation.

The separate kitchen is smart and contemporary, with ample storage and sleek finishes. A second living space—perfectly positioned to catch the light—would make an ideal office or garden room.

Both bedrooms are bright and generously sized, while the bathroom is equally impressive, featuring modern lines and an over-bath shower.

As for the surrounding area, you've got everything from dynamic breweries and coffee shops to sprawling greenery and award-winning restaurants within strolling distance. Since this whole area is undergoing a complete regeneration, it's hard to keep up with all the exciting new businesses emerging, so you'll enjoy exploring.

For those in need of some nature, head to the River Lea, which offers miles of walking and cycle routes, connecting Walthamstow Wetlands with Hackney Marshes and Stratford's Olympic Park.

WHAT ELSE?

- This area offers some excellent perks, including the brilliantly unique Baltic Seafood canal boat on Stonebridge Lock, which serves up dishes such as Turkish mackerel baguettes and calamari. It's just 16 minutes on foot.
- Take a two minute stroll to Table13, a bakery, café and wine bar which serves outstanding coffee, homemade bread, pastries and sandwiches. By night it offers wine by the glass, paired with delicious small plates..
- You're fantastically placed for reaching other neighbourhoods, with both Walthamstow and Stoke Newington a short stretch away. Tottenham Hale's National Rail route will also deliver you directly to Stansted Airport. The world is your oyster!

A WORD FROM THE OWNER....

"The flat is very safe, with several layers of secure access and a 24/7 concierge service right in the building. There is a beautiful café, GP surgery, gym and a nursery all within a two-minute walk of the building. The property is south-facing, with large windows on three sides of the flat to let in plenty of light and fresh air. There is a secure bicycle storage room in the ground floor of the building. The flat is unusually large, at around 83 square metres, and each room has plenty of usable, bright space. The flat has just been refurbished and is ready to move into, with no repair or refurbishment work required."
