This well presented three bedroom ground floor apartment enjoys direct access to a private patio area that opens onto beautifully maintained southerly communal gardens, creating an exceptional sense of space and tranquillity. Forming part of a very well run, purpose built development with a porter/caretaker and a share of freehold, the property also benefits from a garage with power and has been attractively maintained throughout. Located in the sought after Saffrons area, adjacent to the Saffrons sports fields and just a short, level walk from the town centre, train station and local amenities, this rare ground floor apartment combines convenience with an enviable setting. Apartments in this exclusive development seldom come to market and early viewing is highly recommended.

We have tried to make sure that these particulars are accurate but, to a large extent, we have to rely on what the seller tells us about the property. Once you find the property you want to buy, you will need to carry out more investigations into the property than it is practical or reasonable for an estate agent to do when preparing sales particulars. For example, we have not carried out any kind of survey of the property to look for structural defects and would advise any homebuyer to obtain a surveyor's report before exchanging contracts. If you do not have your own surveyor, we would be pleased to recommend one. We have not checked whether any equipment in the property (such as central heating) is in working order and would advise homebuyers to check this. You should also instruct a solicitor to investigate all legal matters relating to the property (e.g. title, planning permission, etc) as these are specialist matters in which estate agents are not qualified. Your solicitor will also agree with the seller what items (e.g. carpets, curtains, etc) will be included in the sale.
