As we come through the front door, to the right, the kitchen is comprised of wooden cabinetry, an integrated induction hob and oven, and washing machine [subject to sale], are all within close proximity that provides ease and convenience.

Just off the kitchen, the living room is a relaxing lounge with fireplace which flows into a bright conservatory, a versatile space with stained glass windows that connect directly to the south facing garden via French doors.

The main bedroom is substantial and comes complete with fitted wardrobes, providing ample storage without compromising on floor space. A second bedroom offers flexibility, whether used as a guest room or office space. The three piece shower room features a sleek walk-in shower, heated towel rail and mirrored cabinet.

Outside, the south facing garden is beautifully maintained, with a mix of patio and lawn areas ideal for both entertaining and quiet relaxation. Well-tended borders with mature shrubs, conifers, and seasonal flowers add privacy and colour throughout the year. At the front the garden continues with the same theme. An extensive gated driveway offers parking for multiple vehicles and leads to a larger than average detached garage, ideal for a vehicle, additional storage or workshop space.
