The kitchen breakfast room fluidly connects to the extension through a further opening, giving the rear aspect of the ground floor an open-plan feel. The kitchen offers high-quality base and wall units, along with an island that houses top-quality integrated appliances, including an eye-level double oven, touch-screen induction hob with ceiling-mounted extractor, and wine cooler fridge within the island. There is also a built-in dishwasher, instant boiling water tap system, and under-wall-unit space to accommodate an American-style fridge freezer. The ground floor is completed with the convenience of under-stair shoe storage via push-to-open cupboards.

To the first floor, there are four well-proportioned bedrooms. The main double bedroom features a modern tiled en-suite shower room. Bedrooms two and three and four also benefit from built-in wardrobes. All first-floor bedrooms have access to a separate family bathroom consisting of a bath with shower overhead, along with a wash basin and WC.

The second floor continues to impress with a further beautifully presented master bedroom, which features full mirrored cupboards, a remote-controlled pop-up TV, and an immaculate tiled four-piece suite bathroom consisting of a separate bath recessed into the bay window, walk-in shower, twin vanity wash basin, and low-level WC.

To the front of the property, there is ample off-street parking via a double driveway and half garage, accommodating a total of four vehicles, with the addition of an EV charging port.

To the rear, there is a low-maintenance garden, beginning with a patio/pathway from the bifold doors of the extension, which leads onto artificial grass bordered at the back with flower beds. At the rear aspect of the garden, there is a decking area providing the perfect space for summer seating and/or alfresco dining, with the addition of an outdoor kitchen housing base units with cupboards and an inlet for a BBQ.

A further standout feature of this property is the converted double garage, which has been completely reconstructed to create a separate outhouse comprising an office space, separate utility room, and mezzanine snug area with double skylights.
