A well-presented detached family home, constructed approximately five years ago, this modern property is set within a popular residential area of the desirable market town of Ulverston. Built to contemporary standards, the house offers well-balanced and thoughtfully designed accommodation arranged over two floors, ideal for families or professionals seeking a relatively new and efficient home.

The property is approached via a driveway providing off-road parking for two vehicles, leading to an integral garage. The garage also houses the gas central heating combi boiler and provides useful additional storage, with further under-stairs storage accessed directly from here.

Upon entering the property, a welcoming hallway gives access to the principal ground floor rooms. To the front, the lounge is a comfortable and well-proportioned reception room, enhanced by a bay window that allows plenty of natural light and creates an attractive focal point.

To the rear of the house is the impressive kitchen/diner, designed as a sociable and functional living space. The kitchen is fitted with a comprehensive range of modern units and integrated appliances, including a double-sided fridge freezer, dishwasher, microwave and oven. There is ample space for dining, and bifolding doors open directly onto the rear garden, creating an excellent connection between indoor and outdoor living.

Adjoining the kitchen is a separate utility room, fitted with plumbing for a washing machine and dryer along with an extractor fan, helping to keep the main kitchen area clutter-free. A ground floor WC completes the downstairs accommodation.

Stairs rise to the first floor, where a spacious landing provides access to all bedrooms and the main bathroom. The principal bedroom benefits from its own en suite shower room, offering privacy and convenience. There are three further well-sized bedrooms, all suitable for family use, guests or home working.

The family bathroom is fitted with a modern four-piece suite, including a bath and separate shower, catering well for the needs of a busy household.

Additional practical features include full uPVC double glazing throughout, a part-boarded attic (boarded down the centre for storage), and modern services consistent with a property of this age.

Externally, the rear garden is of a generous size, measuring approximately 11 metres in width and 15 metres in length. It is notably private, backing onto open fields and enjoying pleasant outlooks. A children's play area is included, making this an excellent space for family enjoyment.

Overall, this is a modern, efficient and well-located detached home offering versatile living space, a private garden setting and the benefits of recent construction, all within easy reach of Ulverston's amenities.
