Offers In The Region Of £195,000

This interesting and versatile property is located in a prominent position along the one-way arterial approach road to the bustling market town, offering excellent visibility and convenience. With obvious potential for conversion to residential use (subject to necessary change of use), this deceptively spacious property presents a range of possibilities for prospective buyers. There is also the added benefit of secure off road parking/car port. No onward chain, enabling a swift purchase.

Step into the first reception/sales area, a bright and inviting space featuring two sash windows overlooking the front and side aspects. The focal point is a characterful cast iron fireplace, adding a touch of charm, while the hardwood flooring enhances the traditional feel.

Continue through to the second reception/sales area, which seamlessly connects with the first room, offering coordinating flooring, a front-facing sash window, built-in shelving, and open access to the staircase. There is also a useful under-stair storage area.

Moving through to the kitchen diner, you'll find traditional base and wall units complemented by butcher block work surfaces. There is ample space for a dining table, and two borrowed light windows bring in additional brightness. A door provides access to the side yard/parking area.

On the first floor, there are two offices/bedrooms, both benefiting from sash windows. The three-piece bathroom includes a low-level flush WC, wash hand basin, and a bathtub with an over-bath shower attachment. A side-facing window allows for natural light.

The top floor houses a spacious versatile room with a lower sash window and loft access, offering excellent potential for additional storage or alternative use.
